PERSONAL PROTECTIVE EQUIPMENT (PPE) POLICY

The planning and assessment of work activities will take account of any hazards and where practicable, the risk from these hazards will be eliminated or reduced. A residual risk may remain, but we can often reduce this further by wearing appropriate PPE.

It is **DIMENSION BID (M) SDN BHD**'s policy to ensure that suitable PPE is available to everybody and always used in work activities. Your full compliance with safe, well proven working procedures should prevent accidents and consequential injuries. PPE is the last personal line of defense, but may not protect you if you fail to behave safely.

Every person on a worksite must wear (unless in a designated safe zone):

- Safety Helmet
- Coveralls with high visibility reflective stripes or a high visibility tabard
- Safety boots/shoes
- Safety glasses
- Gloves (unless deemed unfit for task)

Additional PPE must be used when required and may include:

- Hearing protection
- Fall protection harnesses
- Respiratory protection equipment
- Lifejackets (offshore applications including in harbor use)
- Burning goggles or clear goggles
- Gloves with specific hand protection (cut/thermal/chemical)
- Welding hood
- Full face shield

All PPE must be clean, in good condition and maintained according to the Manufacturer's Specifications. **DIMENSION BID (M) SDN BHD** also requires daily visual inspection for any flaws or defects of the mandatory PPE listed above.

All company supplied PPE will conform to Occupational Health and Safety Code requirements and relevant safety standards.
