The SA III module is more technical and operations oriented combined with troubleshooting element. By this stage a SA III is expected to have executed most of SLS services.

The path for SA III to prepare for SSA I control will be:

### Note:

- 1 The HSSE presentation doesn't have to be self-made. You can use presentation from supplier or any other sources.
- 2 When preparing for the presentation, please expect questions from your audience. The presentation needs to demonstrate your full understanding in HSSE & SQ
- 3 During the HSSE presentation, you are expected to demonstrate your full understanding and awareness in HSSE & SQ
- 4 During the Technical presentation, you are expected to demonstrate your knowledge and understanding in Surface Equipment, Slickline DHT, Slickline Job Type and Challenges & Lesson Learnt.
- 5 Target audiences for the presentation are Slickline Operators or Support Role at your Location. The management will evaluate the presentation and sign-off your control sheet.

**Upon completion of the above requirement, please handover the complete package to your FSM who will then evaluate your eligibility for promotion together with OM for Management approval.**
