

Log Analysis Control - Field Engineer Competency Training Matrix				
JFE	Tools declaration			
	Tools bench test			
	Pre & Post-job Calibration			
	Correct logging speed			
	Environmental Corrections			
	LQC continuously monitored			
	Software skills			
	Final Package and Data Delivery			
	Data Archiving			
FE 1	Not less than 4x Logging Job done			
	PLT	CBL	MIT	Noise Log
	Theory and Measurement	Theory and Measurement	Theory and Measurement	Theory and Measurement
	Tool Configuration	Tool Configuration	Tool Configuration	Tool Configuration
	Tool Calibration	Tool Calibration	Tool Calibration	Tool Calibration
	Real Time LQC	Real Time LQC	Real Time LQC	Real Time LQC
	Basic Interpretation	Basic Interpretation	Basic Interpretation	Basic Interpretation
	Software skills	Software skills	Software skills	Software skills
	Troubleshooting skills	Troubleshooting skills	Troubleshooting skills	Troubleshooting skills
	Final Package and Data Delivery	Final Package and Data Delivery	Final Package and Data Delivery	Final Package and Data Delivery
Data Archiving	Data Archiving	Data Archiving	Data Archiving	
FE 2	Not less than 4x Logging Job done			
	Contact Logging	PLT	CBL	MIT*
	Theory and Measurement	Advance Interpretation	Advance Interpretation	Advance Interpretation
	Tool Configuration	Produce Interpretation Report	Produce Interpretation Report	Produce Interpretation Report
	Tool Calibration	Final Package and Data Delivery	Final Package and Data Delivery	Final Package and Data Delivery
	Real Time LQC			
	Advance Interpretation			
	Software skills			
Troubleshooting skills				
Final Package and Data Delivery				
Data Archiving				
SFE 1	Not less than 4x Logging Job done			
	PL-MAPS *	MIT-MTT *	PTA *	O&G General
	Theory and Measurement	Theory and Measurement	Theory and Measurement	Perfo & Well Integrity
	Tool Configuration	Tool Configuration	Tool Configuration	Petroleum Geology
	Tool Calibration	Tool Calibration	Tool Calibration	Reservoir & Production
	Real Time LQC	Real Time LQC	LQC	
	Basic Interpretation	Basic Interpretation	Interpretation	Technical General
	Software skills	Software skills	Software skills	HPHT
	Troubleshooting skills	Troubleshooting skills	Troubleshooting skills	Contact Logging Services
	Final Package and Data Delivery	Final Package and Data Delivery	Final Package and Data Delivery	Cement and Corrosion Services
Data Archiving	Data Archiving	Data Archiving	Production Logging Services	
			Enhance Oil Recovery	
			New Logging Technology	
SFE 2	Not less than 5x Logging Job done			
	PL-MAPS *	MIT-MTT *	Technical General	O&G General
	Real Time LQC	Real Time LQC	Enhance Oil Recovery System	Perfo & Well Integrity
	Advance Interpretation	Advance Interpretation	Contact Logging Services	Petroleum Geology
	Final Package and Data Delivery	Final Package and Data Delivery	Cement and Corrosion Services	Reservoir & Production
		Production Logging Services		
		New Logging Technology		
* Extra class for interpretation (requested by personnel) prior to do control.
